FOREWORD

The policies of the Board of Trustees are included in this manual. All legal provisions relating to Oakland Community College are not included, but those of a particular pertinence are noted by statute reference number. All policies included within the manual will remain in force, unless superseded by a modification or addition. These policies are not intended to create an implied or expressed contract of any kind. Rather, they are guidelines as to the Board's current position on various matters which may be modified by the Board at any time in its sole discretion.

LEGAL BASIS AND AUTHORITY FOR THE COLLEGE

Article VIII, Section 7, of the Michigan Constitution of 1963, states that the legislature shall provide by law for the establishment of public community colleges, which shall be supervised and controlled by locally elected boards. Through amendments of Act 188 of the Public Acts of 1955, the legislature provided for the establishment of community colleges. On June 8, 1964, the voters approved the establishment of Oakland Community College and selected the Board of Trustees.

Pursuant to the provisions of the Community College Act No. 331 of the Public Acts of 1966, the Board of Trustees has the authority to promulgate rules for the proper establishment, maintenance, management and administration of the community college. In addition, the Board must adopt bylaws, rules and regulations for its own government, and for the control and government of the College District.

These policies of Oakland Community College have been established by the Board of Trustees pursuant to the Michigan Constitution, the Community College Act of 1966 and related statutes.

DIVISION I BOARD OF TRUSTEES

0.0 GENERAL OVERVIEW

0.0.1 POLICY- Introduction

The community colleges of Michigan have a vital role to play in serving the educational needs of the citizens and the community. The extent to which this can be done will depend upon leadership, quality of faculty and instructional offerings, soundness of policies formulated by College personnel and the Board of Trustees, availability of adequate financial resources, the extent of total community participation and support, and the effectiveness of long-term planning to achieve the desired goals. Toward these ends, the following policies are considered to be essential.

NOTE: The Board of Trustees adopted new Governance Policies and Bylaws which became effective July 1, 2018. To the extent Board Governance Policies conflict with current Board Policies and Procedures, the Board Governance Policies shall control.

0.0.3 POLICY-Environmental Protection

A. Preservation of Natural Environment

The Board of Trustees, recognizing the importance of preserving natural environs, shall take into consideration existing Campus Master Plans for environmental protection when studying proposals for the use of any College property. Such proposals would require Board approval before being affected. Further, the College is committed to the preservation of the existing natural environment and its improvement, particularly in the management of trees.

B. Recycling

Oakland Community College is committed to the preservation of a healthy environment for its students, staff and community. The College will, to the best of its ability, responsibly use resources by reducing waste, reusing and recycling. Environmental costs will be considered as factors in making decisions.

0.0.3 PROCEDURE- Environmental Protection

A. Preservation of Natural Environment

Each year, the administration will budget funds within the financial means for the College to plant new trees based on priorities established by campus environmental and beautification committees.

No living tree on any campus shall be destroyed or cut down except as part of a planned College construction project. In the event trees are removed because no acceptable alternative can be found, replacement trees equal to the girth of those removed will be planted.

Trees that are diseased, dead or present a safety hazard may be removed, but new trees equal in girth will be planted.

The Board of Trustees must approve, in advance, all tree replacements or new plantings based upon the appropriate administrative recommendation.

The only exception to the above approval requirement will be when an immediate danger to the community, staff or student body exists. A report will be forwarded to the Board of Trustees as soon as possible after the event occurs.

B. Recycling

Setup

Each campus will have recycling dumpster(s) to store the recycling materials.

All campuses will collect recyclable materials in blue bin containers with lids. Each bin will be labeled by a sticker that describes the contents to be placed in the bin and special instructions for preparing the item before being placed in the bin.

All campuses will collect the same recycle material. This includes office paper, tins and metals, plastic, glass, cardboard, newspaper, and Styrofoam.

Each material will be collected in the same locations on campuses. Office paper will be collected at minimum, at each work station or desk, near copy machines and computer lab areas. Tins and metals, plastic, glass, newspaper and Styrofoam will be collected at cafeterias. Newspaper will also be collected at libraries. Cardboard will be collected from any location on the campuses.

The college will purchase and distribute recycle bins and lids, label stickers to place on bins and supportive flyers and advertisement to increase recycling awareness.

The college will provide training to employees to explain the recycling process and to answer questions and solve problems.

0.0.5 POLICY- Drug and Alcohol Abuse Free College

The unlawful manufacture, distribution, dispensation, possession or use of, or being impaired by, a controlled substance is prohibited while on all College owned, leased, controlled or operated property, or in the course of any College related activity, program or job performance. For the purpose of this policy, a “controlled substance” is as listed in Schedules I through V of Section 202 of the Controlled Substances Act (21 U.S.C. 812) and as further defined in the associated Federal Regulation, 21 CFR 1308.11 – 1308.15.

In addition, the illegal possession, use or sale of alcoholic beverages, or conduct which is otherwise proscribed by state law, as well as being impaired by alcohol while on College owned, leased, controlled or operated property, or in the course of any College related activity, program or job performance, is also prohibited.

The Chancellor is hereby charged with responsibility for promulgating a procedure to implement requirements of the Drug Free Workplace Act, the Drug Free Schools and Communities Act, and the Clery Act, and for otherwise ensuring compliance with this policy.

0.0.5 PROCEDURE - Drug and Alcohol Abuse Free College

COLLEGE PENALTIES FOR VIOLATION OF BOARD OF TRUSTEES DRUG AND ALCOHOL ABUSE FREE COLLEGE POLICY

Any employee or student found to be in violation of the above prohibitions shall be subject to 1) disciplinary action, up to and including immediate discharge or dismissal; and/or 2) may be required to participate in a substance abuse assistance or rehabilitation program as a condition of continued employment or student status. Immediate discharge shall normally occur for violations involving the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance.

Furthermore, as a condition of continued employment, any employee who is convicted of any state or federal criminal statute, with respect to conduct occurring in the workplace, involving the manufacture, distribution, dispensation, use, or possession of any controlled substance shall provide written notification to the Chief Human Resources Officer of the conviction no later than five (5) days after such conviction. To the extent required by the Drug Free Workplace Act, the College also will notify the applicable federal grant or contract official of convictions so reported. Failure to timely report such conviction shall subject the employee to disciplinary action, up to and including immediate discharge. Any employee who is convicted as described above also may be subject to 1) disciplinary action, up to and including immediate discharge; and/or 2) may be required to participate in a substance abuse assistance or rehabilitation program as a condition of continued employment.

POTENTIAL LEGAL CONSEQUENCES

Violations of laws and ordinances relating to drugs and alcohol also may result in misdemeanor or felony convictions accompanied by the imposition of legal sanctions, which include, but are not limited to, the following:

- Fines as determined under local, state, or federal laws;
- Imprisonment, including up to life imprisonment, for possession or trafficking in drugs such as heroin and cocaine;
- Forfeiture of personal and real property;
- Denial of federal benefits such as grants, contracts and student loans;
- Loss of driving privileges;
- Required attendance at substance abuse education or treatment programs.

Federal Drug Sanctions - A full description of federal sanctions for drug felonies can be found at: <http://www.usdoj.gov/dea/agency/penalties.htm>.

NOTE: The Board of Trustees adopted new Governance Policies and Bylaws which became effective July 1, 2018. To the extent Board Governance Policies conflict with current Board Policies and Procedures, the Board Governance Policies shall control.

State Alcohol Sanctions – Under Michigan law, it is illegal for anyone under the age of 21 to purchase, consume or possess, or have any bodily content of alcohol. The following summarizes some of the potential legal consequences for violating state law.

- A first-time conviction may result in a fine, substance abuse education and treatment, community service and court-ordered drug screenings.
- There also is a provision for possible imprisonment or probation for a second or subsequent offense.
- The use of false identification by minors in obtaining alcohol is punishable with a fine, loss of driver's license, probation and community service.
- Individuals can be arrested and/or convicted of operating a vehicle while intoxicated with a blood alcohol concentration (BAC) level at .08 or higher. If a student is under 21, there is a "zero tolerance" law in the state of Michigan, and any blood alcohol level of .01 or higher can lead to a minor in possession (MIP) citation as well as being cited for operating a vehicle while intoxicated, if applicable. This is in addition to suspension of driving privileges in the state of Michigan.

Michigan Law Governing Medical Marijuana – The Michigan Medical Marijuana Act of 2008 (MMMA) permits qualified patients and their primary caregivers to use, possess and grow limited amounts of marijuana for treatment of certain debilitating medical conditions. However, the MMMA conflicts with federal criminal laws governing controlled substances, as well as federal laws requiring institutions receiving federal funds, by grant or contract, to maintain drug-free campuses and workplaces. The College receives federal funding that would be in jeopardy if those federal laws did not take precedence over state law. Thus, the use, possession or cultivation of marijuana in any form and for any purpose constitutes a violation of the Board of Trustees' Drug and Alcohol Abuse Free College Policy.

HEALTH RISKS ASSOCIATED WITH SUBSTANCE ABUSE

Considerable health risks are associated with the abuse of controlled substances. Substance abuse dramatically impairs employee and student performance, contributes to absenteeism, and presents safety risks for not only the abusing employee or student, but also to others within the College community. The following are general descriptions of some of the health risks associated with substance abuse.

ALCOHOL	Loss of concentration and judgment; slowed reflexes; disorientation leading to higher risk of accidents and problem behavior; risk of liver and heart damage, malnutrition, cancer and other illnesses; can be highly addictive to some persons.

0.0.6 POLICY- Safe Work Environment

In accordance with Act 26 of the Public Acts of 1970, Oakland Community College Board of Trustees adopts a policy prohibiting all persons from engaging or participating in unlawful, uncivilized, unsafe, or unacceptable behavior while in buildings or on grounds owned and/or controlled by Oakland Community College.

All persons shall be prohibited from acts endangering students, staff, faculty and the public. These acts include but are not limited to: disruption; physical abuse; theft; unauthorized entry; obscene or disorderly conduct; illegal use and/or possession of alcohol, drugs, or other contraband; failure to comply with College policy or public safety; obstruction of traffic; and possession of a weapon as defined below:

No person, other than law enforcement personnel or a person authorized by the Director of Public Safety or his or her designee, shall possess a weapon on property owned, leased or otherwise in the possession of the College.

As used in this policy, the term "weapon" shall mean: (1) firearms; (2) explosives or explosive devices including, but not limited to, fireworks, firecrackers or firearm ammunition; (3) knife, stabbing instrument, brass knuckles, blackjack, club, or other objects specifically designed or customarily possessed for use as a weapon; or (4) an object or substance, not normally considered a weapon, that is used in a threatening or harmful manner likely to cause bodily injury or death.

The Board of Trustees directs the College administration to formulate appropriate rules and regulations to enact this policy and to ensure Oakland Community College students, staff, faculty and visitors that Oakland Community College places a high value on a safe and healthy environment.

0.0.7 POLICY- Workplace Threats and Violence

Oakland Community College places the highest priority on the safety and security of its employees, students and others on College property and our policy is to maintain a work environment free from intimidation, threats, or violent acts. The College therefore takes a zero tolerance position whereby violent acts of any kind including threats and abusive language will not be tolerated. This includes, but is not limited to, threats, threatening or hostile behavior, physical abuse, vandalism, arson, sabotage, use of weapons, carrying weapons onto College property, or any other acts or threats of violence against employees, students, or others, by anyone on College property, which in management's judgment is inappropriate to the workplace or educational environment. In addition, bizarre or offensive comments regarding violent events and/or behavior are not tolerated.

Any individual who makes substantial threats, exhibits threatening behavior, or engages in violent acts on College property shall be removed from the premises as quickly as safety permits and shall remain off College property pending the outcome of an investigation. As part of the investigation process employees or others may be subject to the search of their person, personal effects, or College-provided material pursuant to Public Safety General Order #91-19 (Searching of Offices on Campus).

Any employee, student, or others who feel subjected to any of the behaviors listed above should immediately report the incident to any supervisor, Human Resources representative or Public Safety officer. Employees should directly contact Public Safety if they believe there is an immediate threat to their safety and health or the safety and health of others. Complaints will receive attention and the situation will be investigated. Based upon the results of the investigation, disciplinary action, if appropriate, will be taken against the offender which may include, but is not limited to, student suspension or dismissal, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment, arrest and prosecution.

No existing College policy, practice, or procedure should be interpreted to prohibit decisions designed to prevent a threat from being carried out, a violent act from occurring or a life threatening situation from developing.

All individuals who apply for or obtain a protective or restraining order which lists College locations as being protected areas, must provide to the Human Resources and Public Safety Departments a copy of the petition and declarations used to seek the order, a copy of any temporary protective or restraining order, and a copy of any protective or restraining order which is made permanent. Oakland Community College understands the sensitivity of the information requested and respects the privacy of the reporting employee(s). All information will be kept confidential on a need to know basis.

0.0.7 PROCEDURE-Workplace Threats and Violence

The following procedures have been adopted in order to implement the Board of Trustee's Policy regarding Threats and Violence in the work environment at Oakland Community College.

A. Duty to Notify

1. All Oakland Community College personnel are responsible for notifying their supervisor, Human Resources representative and/or Public Safety of any threats which they have witnessed, received, or has been told that another person has witnessed or received. Even without an actual threat, personnel should also report any behavior they have witnessed which they regard as threatening or violent, when that behavior is job related or might be carried out on a College controlled site, or is connected to College employment, or College services or facilities.
2. Employees are responsible for making this report regardless of the relationship between the individual who initiated the threat or threatening behavior and the person or persons who were threatened or were the focus of the threatening behavior.

B. Investigation of Threats and Violent Incidents

1. Any employee, student, or others who feel subjected to any threatening behavior should immediately report the incident to any supervisor, Human Resources representative or Public Safety officer. Employees should directly contact Public Safety if they believe there is an immediate threat to the safety and health of others. Any supervisor to whom any threatening behavior is reported must contact a Human Resources representative and Public Safety immediately.
2. All incidents will be immediately investigated by the Human Resources representative in conjunction with Public Safety and, when appropriate, designated campus representative. The Human Resources representative will evaluate the situation and coordinate the investigation. If warranted, disciplinary action will be taken against the offender.
3. The Human Resources representative will formulate a plan to investigate a complaint based upon the information available and respond accordingly.
4. The Human Resources representative in conjunction with Public Safety will investigate and gather as much information quickly, discretely and as confidentially as possible with an emphasis upon documentation and concentrating on the actual behaviors and feelings of the individuals directly involved, as opposed to any perceived behaviors or feelings.
5. The Human Resources representative will get assistance from the Human Resources Department, the Employee Assistance Program, legal counsel, Public Safety, designated campus representative and outside personnel such as police and fire departments if necessary.

NOTE: The Board of Trustees adopted new Governance Policies and Bylaws which became effective July 1, 2018. To the extent Board Governance Policies conflict with current Board Policies and Procedures, the Board Governance Policies shall control.

6. If it appears that there may be a serious concern of danger to the employee, student, or others, the Human Resources representative will establish priorities and assemble a crisis team. The crisis team may include, but is not limited to, representatives from the Human Resources Department, Public Safety Department, appropriate Union group, Employee Assistance Program and legal counsel.
7. If necessary, the Human Resources representative in conjunction with Public Safety will summon outside help and initiate an emergency exit plan.
8. The Human Resources representative and the crisis team, if assembled, will determine what steps need to be taken.
9. The Human Resources representative will arrange a meeting with the employee, student, or others, Public Safety, Union representative and the crisis team, if assembled. If the individual calms down, the Human Resources representative will suggest a plan to avoid future confrontation, such as counseling, transfer, leave of absence, participation in the Employee Assistance Program, etc. The Human Resources representative and Public Safety will establish a plan to stay in touch and monitor behavior improvements or progress of the plan. If the employee fails to participate in the plan, further disciplinary action may be taken.
10. If warranted, the Human Resources representative in conjunction with Public Safety will contact a specialist and have the employee psychologically evaluated before any further steps are taken or any plan decided.
11. If threats are made, either express or implied, during the meeting, or at any other time, by the offender against others not in attendance, those not in attendance who have been threatened and their supervisor will be contacted. The Human Resources representative and Public Safety will meet with them, advise them of the situation, and give them a plan of action.
12. All details of all meetings will be kept confidential on a need to know basis.
13. If warranted, disciplinary action may be taken against the offender. Disciplinary action may include, but is not limited to, student suspension or dismissal, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment, arrest and prosecution. Failure to follow a plan of action will subject the offender to disciplinary action.
14. This procedure does not preclude the Human Resources representative, supervisor, or Public Safety from taking prompt and immediate action to prevent an immediate or severe threat from being carried out, a violent act from occurring or a life threatening situation from developing.
15. Any employee, student, or others who feel he/she may be a threat to others or may need help must contact a Human Resources representative, his/her supervisor, Union representative, Public Safety, or Employee Assistance Program representative immediately.

NOTE: The Board of Trustees adopted new Governance Policies and Bylaws which became effective July 1, 2018. To the extent Board Governance Policies conflict with current Board Policies and Procedures, the Board Governance Policies shall control.

16. Any employee, student, or others who applies for or obtains a protective or restraining order which lists College locations as being protected areas, must provide to the Human Resources Department and Public Safety a copy of the petition, declarations used to seek the order, a copy of any temporary protective or restraining order, and a copy of any protective or restraining order which is made permanent. Oakland Community College understand the sensitivity of the information requested and respects the privacy of the reporting employee(s). All information will be kept confidential on a need to know basis.

C. Corrective Action

1. At the meeting (refer to B-9 above) with the employee, student, or others, Human Resources representative, Public Safety, Union representative and crisis team, if assembled, will devise a plan to avoid future confrontations, such as counseling, transfer, leave of absence, enrollment in an employee assisted program, etc.
2. The Human Resources representative in conjunction with Public Safety will set time limits and make appointments to monitor the progress of the employee or student.
3. The Human Resources representative will follow-up periodically to see that the plan is being followed and make sure the situation is under control. The employee is required to contact the Human Resources representative, Supervisor, and/or Public Safety if any new situations develop requiring additional input.
4. If necessary, the Human Resources representative will offer emergency leave, financial assistance, legal and medical referrals, EAP assistance, medical assistance, union intervention, police, courts, child welfare, family, friends, relatives, and any other appropriate intervention.
5. Failure to follow a plan of action will subject the employee, student or others to disciplinary action. Disciplinary action may include but is not limited to, student suspension or dismissal, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment, arrest, and prosecution.

Initial Approval: 09-16-96

NOTE: The Board of Trustees adopted new Governance Policies and Bylaws which became effective July 1, 2018. To the extent Board Governance Policies conflict with current Board Policies and Procedures, the Board Governance Policies shall control.

0.0.8 POLICY- Searches

Such searches may include employees, students, or others, their person, personal effects, or College-provided material. This includes, but is not limited to, lunch pails, boxes, thermoses, purses, lockers, desks, personal computer files, cabinets, file drawers, packages, or vehicles.

OCC Board Policy 3.8.2. states users of the information technology resources will abide by applicable Federal and State laws and the College's regulations (Technology Appropriate Use Regulations found at www.oaklandcc.edu/TAUR) governing the use of these resources, and will use them in support of activities directly related to duties and assignments. Those mandates apply to all users of OCC technology, including students, employees of every kind, and the Board of Trustees. The aim of that policy is to safeguard the use of resources, including technology resources acquired and maintained with public funds.

Limited incidental personal use of OCC technology resources, including through use of personal email systems, is permitted except as described in TAUR. OCC employees and trustees are responsible for exercising good judgment about personal use in accordance with this regulation, OCC's consistent local guidelines and standards. Personal use refers to activities which only affect the individual and are not related to an employee's or trustee's outside business. OCC employees and trustees are required to conduct themselves in a manner which will not raise concern that they are or might be engaged in acts that violate the public trust.

To assure architecture capable of common support, the College will provide each Trustee, upon their request, with IT equipment determined solely by the standards of the College. The College will also provide IT support for the College-owned equipment, including approved software applications relevant to Board activity. If the device is more than one year and less than four years old, then the price will be prorated on a straight-line basis until it reaches the warehouse sale price.

When a device comes to the end of its scheduled life it is disposed of following applicable Federal and State laws and guidelines.

2.2.4 POLICY- Miscellaneous

D. Duplicating of Audio and Video Recording

Duplicating audio visual materials and fair use of copyrighted audio visual materials is a significant concern to employees and the College in terms of what constitutes reasonable use and conditions under which irresponsible use expose the user to liability.

The principles of the copyright law are designed to promote the creation, publication, and use of works of the copyright owners; to determine certain uses of their works (in not-for-profit as well as commercial contexts); and, to establish certain exceptions including the doctrine of "fair use." These precepts are in the mutual interest of the employees of the College, the College, author, and publisher communities, and of the public and will be followed without exception by College employees. **Penalties and/or liabilities** which accrue due to failure to follow the precepts as outlined on the procedures attendance to this policy will be **born solely by the violator**.

Approved: 11-11-91

DIVISION II

2.2.4 PROCEDURE- Miscellaneous

D. Duplicating of Audio and Video Recording

1. Prohibitions

In compliance with applicable limitations on performance or display of copyrighted audio visual materials as provided by the copyright agreement, faculty and staff are asked to refrain from improper use of rented, leased or purchased audio visual materials.

Unless the owner of the copyright or authorized agent of the copyright owner transfers the rights in a particular film or audio visual work to the College, films and audio visual works rented, leased or purchased for classroom showing may not be:

- a. Transmitted by television or other devices or processes;
- b. Copied, recast, transformed, or adapted, in whole or in part, for any purpose;
- c. Shown to an audience who has paid for admission; or
- d. Permitted to be used by any other institution or individual.

2. Permission Letter

When a proposed use of audio and video materials requires a College employee to request permission, communication of complete and accurate information to the copyright owner will facilitate the request. A stamped self-addressed return envelope should be sent with the letter of request.

Location of the address for the copyright holder can be obtained through various reference sources. Consult a College Librarian or Audio Visual Technician for assistance in selecting the correct resources.

- a. Title, author (editor, performer, composer, or director), edition;
- b. Description of exact section to be used;
- c. Type of reproduction and number of copies to be made;
- d. Use to be made of the material(s), include name of course(s);
- e. Distribution of copies;
- f. Will the material be sold or will there be a charge for viewing;

The request for permission process requires time. Allow yourself sufficient lead time when using this process. Sometimes a fee is assessed for this permission. Be sure to define your scope of permission when making a request. Do not ask for blanket

DIVISION II

permission to copy. The letter granting permission must accompany your Request to Duplicate form given to the Audio Visual Department.

3. Classroom Use

Two of the copyright owner's exclusive rights under the copyright law are rights of public performance and public display of the copyright work. The educators' performance rights appear in section 110 of 17 United States Code. That section authorizes almost all types of performances and displays in face-to-face teaching in non-profit education institutions. Faculty may use videotapes in teaching without obtaining permission of the copyright owner if the performance meets all of the following conditions:

- a. The performance takes place in a classroom or similar place devoted to instruction;
- b. The performance is part of a systematic course of instruction, and is not for entertainment, recreation or cultural value;
- c. The performance is not transmitted by broadcast or cable television;
- d. The performance is part of the teaching activity of a non-profit educational institution;
- e. Attendance at the performance is limited to the instructor and members of a particular class;
- f. The videotape is lawfully made.

4. For Home-Use Only

The For Home-use Only label appears on many recorded video programs and raises the question of whether such rented video programs can be used in the classroom. The question raised is whether a classroom is a public performance? This is still a gray area at this time. AIME (Association for Information Media and Equipment) and a review of other literature, at this time, indicate that video programs with this label can be used in a classroom setting if the procedures outlined above in "Classroom Use" are followed. The video program must meet an instructional goal and not be entertainment for students.

5. Off-Air Recording

- a. Off-air recording of any television or radio broadcast (except pay television), by a media service unit of the College is permitted provided that:
 - (1) The recorded program is recorded no more than one time at the request of the same teacher, regardless of the number of times a program is broadcast;
 - (2) The recorded program is used once in the course of relevant teaching activities and is repeated once only when instructional reinforcement is necessary within ten days of the taping;

DIVISION II

- (3) Recorded programs are shown in classrooms and similar places devoted to instruction within a single building, cluster or campus, or in the homes of students receiving formalized home instruction;
 - (4) Recorded programs are used only during the first ten days of the forty-five day retention period. Subsequent use is for evaluation purposes only. Further use is with the copyright holder's permission only.
- b. Unless authorized in writing by the owner of the copyright in any television or radio program:
- (1) Programs may not be regularly recorded in anticipation of instructor requests by any media services unit of the College.
 - (2) The off-air recording need not be used in its entirety, but its content may not be altered, nor can it be physically or electronically combined or merged as part of a teaching anthology or compilation.
- c. Off-air recordings made by faculty at home for classroom use must follow the above use procedures. Two changes to the procedures follow:
- (1) The recorded program is the property of the faculty member.
 - (2) The faculty member is responsible for erasure at end of the forty-five day retention period.
6. Telecourses and Teleconferences

Licenses for the use of externally produced telecourses and teleconferences will be obtained for the College by the office of Academic Services. Specific rights of duplication, distribution and rebroadcast of these programs are determined in the license agreements, but usually include:

- a. For telecourses, rights to broadcast on cable and regular TV channels, to produce copies for telecourse student use on campus and by checkout, and audio visual use in related classes;
- b. For teleconferences, rights to tape from satellite transmissions, and to retain a permanent copy for institutional use via campus libraries;
- c. For off-air or off-satellite recording of programs specifically licensed, rights to retain permanent copies for library circulation, for classroom use, and, often, rights to rebroadcast on non-commercial cable channels.

The Office of Academic Services will maintain a file of telecourse and teleconference licenses. Faculty and staff may request licenses for telecourses and teleconferences through their Academic Deans, or by contacting Academic Services, District Office, directly.

DIVISION II

7. Archival Copying

The right to copy an entire work is held solely by the owner of the copyright. If an archival copy is desired, the right to make such a copy should be obtained at the time of purchase or shortly thereafter before duplication can proceed.

The limited right to make an archival copy of audio visual works without permission is given by the copyright law. Permission is given to research libraries only to make archival copies of motion pictures and other audio visual works if the copying is "solely for the purpose of replacement of a copy that is damaged, deteriorating, lost, or stolen."

- a. This privilege applies to research libraries affiliated with archives and open to the public for research.
- b. Limited to programs no longer available on the open market from regular distributors.
- c. The library must be able to prove it performed research to locate a new copy at a reasonable cost.
- d. The library must own the copy it wants to reproduce for archival copying.
- e. If the library copies or reproduces any recording which has a copyright notice on it, or if the library knows how the actual copyright notice would read if it were on the recording, the library must include the same copyright notice on the reproduction.

8. Educational Use of Music

To create a balance between the rights of creators and the pedagogical need of music educators Guidelines For Educational Uses of Music was developed. The following guidelines are helpful in determining when copying music is allowed for academic purposes:

- a. A single copy of recordings of performances by students may be made for evaluation or rehearsal purposes and may be retained by the educational institution or individual teacher.
- b. A single copy of a sound recording (tape, disc or cassette) of copyrighted music may be made from sound recordings owned by an educational institution or an individual teacher for the purpose of constructing aural exercises or examinations and may be retained by the educational institutional or individual teacher.
- c. A single copy may be made for preservation or replacement in the library or archive when copies are not available for purchase. The library or archive should be able to prove a search for replacement was done.

DIVISION II

9. Foreign Language Audiocassettes

Audiocassettes are provided by the foreign language textbook publisher(s) as supplemental material. Permission to make student copies is obtained by the faculty from the copyright holder through the publisher(s). Present the Duplication Request Form and Permission Letter to the Audio Visual Technician when requesting this service. After preparation of the audiocassettes for duplication, the permission letter and the Duplication Request form are kept by the Campus copyright Officer. Verbal permission will not be honored. Use and limitations imposed by the permission letter restrict the life of such materials and will be honored.

The following rules are observed for foreign language audiocassettes:

- a. Use is limited to students enrolled in the College foreign language classes. One copy of a lesson is made for the requesting student.
- b. There is no charge for the tape content.
- c. The use terms and period of use is dictated by the permission letter.

10. Slides and Transparencies

It is the responsibility of the requestor to obtain authorization when permission is necessary before copying. The following information is offered as guidelines for using copyrighted material to create slides and transparencies:

- a. Slides and transparencies can be created from multiple sources as long as the creation does not exceed 10 percent of the photographs in one source (book, magazine, filmstrip, etc.) unless the source forbids photographic reproduction.
- b. A single transparency from a single page of a "consumable" workbook can be made for instruction.
- c. Reproducing selected slides from a series is allowed if reproduction does not exceed 10 percent of total nor excerpting "the essence" of the production.

11. Donated Audio and Video Materials

The College does accept donated audio and video materials.

- a. Materials accepted must be legally produced with the copyright visible. Unauthorized copies will not be accepted.
- b. Original non-copyrighted, privately produced materials will be accepted when a letter of release accompanies the material.
- c. In certain cases, donations of audio and videotapes which can be erased and reused will be accepted. Such erasure will take place in a timely manner upon receipt of the materials.

Time taken as personal business leave should be reported on the Time Exception Report (BUS 29) prior to the scheduled time off.

Should the absence due to illness or injury extend beyond a period of 90 calendar days, said employee may opt to initiate Long-term Disability (see Benefits) at the 91st consecutive calendar day of illness or injury. Approval or denial of the request for Leave of Absence by the Chancellor shall be final. Such denial shall not be a subject of the Dispute Resolution Procedure.

3. **Family and Medical Leaves of Absence**

Purpose: To outline the conditions under which a non-represented employee may request time off with or without pay for a limited period with job protection and no loss of accumulated service provided the employee returns to work.

a. **Definition**

A family and/or medical leave of absence shall be defined as an approved absence available to eligible employees for up to 12 weeks per 12 months, measured forward from the date the employee's first leave began, under particular circumstances that are critical to the life of a family. Leave may be taken: upon the birth of the employee's child; upon the placement

DIVISION II

of a child with the employee for adoption or foster care when the employee is needed to care for a child, spouse, or parent who has a serious health condition; or when the employee is unable to perform the functions of his or her position because of a serious health condition as defined by the Family and Medical Leave Act of 1993 (the "FMLA").

In addition, and under the FMLA, a family and/or medical leave of absence includes an approved leave of absence available to eligible employees for up to 12 weeks per 12 months with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation to address certain qualifying exigencies as defined by the FMLA. Leaves under the FMLA are also available for eligible employees of up to 26 weeks in a 12 month period to care for a covered service member.

b. Scope

The provisions of this policy shall apply to all family and medical leaves of absence except to the extent that such leaves are covered under other paid employment benefit plans or policies for any part of the 12 weeks of leave to which the employee may be entitled under this policy. That is, all vacation, sick leave, and personal business leave to which the employee is entitled shall be taken first and counted against the twelve week total to which the employee is allowed by law.

c. Eligibility

To be eligible for leave under this policy an employee must have been employed for at least 12 months in total, and must have worked at least 1250 hours during the 12 month period preceding the commencement of the leave.

d. Basic Regulations and Conditions of Leave

(1) The College will require medical certification (Certification of Physician or Practitioner Form) to support a claim for leave for an employee's own serious health condition or to care for a seriously ill child, spouse or parent. For the employee's own medical leave, the certification must include a statement that the employee is unable to perform the functions of his or her position. For leave to care for a seriously ill child, spouse, or parent, the certification must include an estimate of the amount of time the employee is needed to provide care. In its discretion, the College may require a second medical opinion and periodic recertification at its own expense. If the first and second opinions differ, the College, at its own expense, may require the binding opinion of a third health care provider.

(2) If medically necessary for a serious health condition of the employee or his or her spouse, child or parent, leave may be taken on an intermittent or reduced leave schedule. If leave is requested on this basis, however, the College may require the employee to transfer temporarily to an alternative position which better accommodates recurring periods of absence or a

part-time schedule, provided that the position has equivalent pay and

DIVISION II

benefits.

- (3) Spouses who are both employed by the College are entitled to a combined total of 24 weeks of leave [rather than a combined total of 12 weeks] for the birth or adoption of a child or for the care of a sick parent.

e. Notification and Reporting Requirements

When the need for leave is foreseeable, such as the birth or adoption of a child, or planned medical treatment, the employee must provide reasonable prior notice, and make efforts to schedule leave so as not to disrupt College operations. In cases of illness, the employee will be required to report periodically on his or her leave status and intention to return to work.

- (1) A Request for Family and Medical Leave of Absence Form must be originated in duplicate by the employee. The proper form to use will depend on the reason for the leave. The form(s) are available from the Human Resources Department. The form should be completed in detail, signed by the employee and submitted to the immediate supervisor and Human Resources Department for proper approval. If possible, the form is be submitted at least 30 days in advance of the effective date of the leave when the need for the leave is foreseeable
- (2) All requests for family and medical leaves due to illness will include the following information attached to a completed Request for Family and Medical Leave of Absence form: Sufficient medical certification stating 1) the date on which the serious health condition commenced; 2) the probable duration of the condition; and 3) the appropriate medical facts within the knowledge of the health care provider regarding the condition. In addition, for purposes of leave to care for a child, spouse, or parent, the certificate should give an estimate of the amount of time that the employee is needed to provide such care. For purposes of leave for an employee's illness, the certificate must state that the employee is unable to perform the functions of his or her position. In the case of certification for intermittent leave or leave on a reduced leave schedule for planned medical treatment, the dates on which such treatment is expected to be given and the duration of such treatment must be stated.
- (3) FMLA leaves for other reasons may require the submission of other forms certifying the basis for the leave request.
- (4) The College may require employees to provide periodic recertification supporting the need for leave.

DIVISION II

f. Status of Employee Benefits During Leave of Absence

- (1) During an FMLA leave, the employee's coverage under a College group health plan shall continue under the same terms as if the employee had continued to work.
- (2) Any employee who is granted an approved leave of absence under this policy is advised to provide for the retention of his or her non-medical care (dental, visions, life, etc.) group insurance coverage by arranging to pay the premium contributions during the unpaid period of his or her absence.
- (3) In the event that an employee elects not to return to work upon completion of an approved unpaid leave of absence, the College may recover from the employee the cost of any payments made to maintain the employee's coverage, unless the failure to return to work was for reasons beyond the employee's control. Benefit entitlement based upon length of service will be calculated as of the last paid work day prior to the start of the unpaid leave of absence.
- (4) Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. The most common exceptions apply in the event of reductions in force and as to "key employees" as defined by the FMLA.

2.5 DISPUTE RESOLUTION PROCEDURES FOR REGULAR PERSONNEL NOT COVERED BY A COLLECTIVE BARGAINING AGREEMENT

2.5.1 POLICY- Personnel Dispute Resolution

It is the policy of the College to provide regular full-time employees who are not covered by a collective bargaining agreement with a method by which they can voice their dissatisfaction when they feel they have been treated unjustly or their disputes have not been resolved to their satisfaction. Clear and open channels for the expression of employee concerns, based on a procedure which contains the "right of appeal", promote sound employee relations. This procedure is the exclusive method for these employees and the College to dispute all personnel related matters, except those specifically excluded elsewhere in these policies/procedures. Upon initiating a complaint, it is the employee's responsibility to pursue it through each step of the procedure within the time limits specified. Failure to do so will result in forfeiture of the right to pursue the complaint through the procedure. Informal complaints may be presented to the appropriate member of the College's management or the Human Resources Department and every effort will be made to resolve such complaints within 48 working hours. No employee is to be reprimanded, harassed or retaliated against by anyone as a result of initiating a formal or informal complaint.

Employees should remember that this procedure is not intended as a substitute for normal problem solving between the employee and his/her immediate supervisor. For complaints involving discrimination or other issues covered by the Board's Equal Opportunity Policy (Policy 2.6), the complaint procedure in that policy applies in lieu of the Complaint Procedure below.

For the purpose of this procedure, "business days" are weekdays which the offices of the College are generally open for business.

Revised: 01-22-13

DIVISION II

2.5.2 POLICY- Personnel Complaint Procedure

A. Step I – Supervisory

An employee who has a complaint should make every effort to discuss the problem informally and orally with his/her immediate supervisor, who will make every effort to reach a satisfactory solution to the problem. Most problems are solved at this level. The complaint must be presented to the Supervisor within five business days of its occurrence. It is the responsibility of the Supervisor to act on the problem and respond to the employee orally within two business days after receiving the complaint. However, if the employee is not satisfied with the decision of the Supervisor, he/she may proceed to the next step.

B. Step II – Campus President/Executive Director/Vice Chancellor

Within three business days after Step I is completed, it is the employee's responsibility to reduce the complaint to writing on the Personnel Complaint Form provided by the College. The Human Resources Office is available to provide assistance to an employee in filling out the Personnel Complaint Form, if requested. The employee is to keep a copy for himself/herself, give one copy to the appropriate Campus President, Executive Director or Vice Chancellor and send one copy to the Human Resources Office. After the appropriate Campus President, Executive Director or Vice Chancellor has received the written complaint, he/she has five business days to investigate the facts, make a decision, and report his/her response in writing on the College-provided form to the employee in a private meeting. The appropriate Campus President, Executive Director or Vice Chancellor will keep one copy of this written decision for his/her records, give one copy to the employee, and send one copy to the Human Resources Office.

The appropriate Campus President, Executive Director or Vice Chancellor should inform the employee that if he/she is not satisfied with the outcome of the complaint at this step, the employee has the right to pursue the matter further to Step III of the Personnel Complaint Procedure.

C. Step III – Chancellor

Within three business days of the completion of Step II, the employee shall present the written complaint to the Chancellor or his/her designee. The Chancellor or his/her designee will review all aspect of the complaint with the employee and discuss the situation with the appropriate Campus President, Executive Director, or Vice Chancellor. The Chancellor or his/her designee will then reduce his/her decision to writing and meet with the employee to discuss the decision within 15 business days after receipt of the complaint. One copy of this decision will be given to the employee involved, and one copy sent to the appropriate Campus President, Executive Director or Vice Chancellor involved and one copy to the Human Resources Office. Except in cases of suspension without pay or termination of employment, this shall be the final step of the procedure.

D. Step IV – Binding Arbitration

DIVISION II

Within five business days after the completion of Step III, an employee not covered by a collective bargaining agreement or a contract providing for arbitration, and

whose claim is not one of discrimination and is not otherwise covered by the Board's Equal Opportunity Policy, and who was suspended without pay or discharged and wishes to submit his/her dispute to binding arbitration under this Policy, must request arbitration, in writing, to the Chief Human Resources Officer. The making of such a request shall be irrevocable and shall constitute a contract to arbitrate.

In that event, the Chief Human Resources Officer shall select a neutral, qualified Arbitrator. A qualified Arbitrator shall be one who is recognized by the American Arbitration Association, the Federal Mediation and Conciliation Service, or the Michigan Employment Relations Commission. The Chief Human Resources Officer shall notify the Arbitrator of his/her appointment in writing with a copy to the employer within five business days of the date the request for arbitration was received. The notice shall request the Arbitrator to determine a hearing date as soon as possible, but not more than 30 calendar days after the appointment letter. If the Arbitrator declines the appointment or is unable to hear the case within the required time frame, another Arbitrator shall be selected in the same manner as described above.

The employee and the employer may be represented by counsel at the hearing. Each party shall bear the cost of his/her own counsel. The College shall bear the costs of the Arbitrator.

The Arbitrator shall apply the substantive law of Michigan, federal law, or both, as applicable to the claim(s) asserted. Pre-hearing discovery shall not be permitted. During the hearing, the Arbitrator shall generally apply the federal rules of evidence; however, she/he shall be the judge of the relevancy and materiality of the evidence offered.

Either party, at its expense, may arrange for and pay the cost of a court reporter to provide a stenographic record of proceedings. Either party, upon request at the close of hearing, shall be given leave to file a post-hearing brief. The time for filing such a brief shall be set by the Arbitrator.

The Arbitrator shall render an award and opinion no later than 30 calendar days after the close of the hearing, in the form typically rendered in labor arbitrations. The Arbitrator shall not have the power to modify, amend, add to, or subtract from any College policy or procedure. Further, with respect to damages or remedies, the Arbitrator's award of any damages and relief to any party shall be limited to the following: back pay (including lost benefits) less interim earnings, unemployment, retirement, disability and other benefits, and severance payments received by or to be received by a party; any other out-of-pocket expenses; documented economic damages; and reinstatement to the same or a substantially equivalent position with the College. If reinstatement is warranted, but is not reasonable or practical under the circumstances at the time the award is issued, the Arbitrator may award to the

employee an amount equivalent to a maximum of 12 months of front pay (including

DIVISION II

benefits) from which the Arbitrator may subtract any severance payments received by or to be received by the employee. The decision of the Arbitrator shall be final and binding on the parties.

Both parties have a duty to mitigate their damages by all reasonable means including, in any case, mitigation by way of making application for unemployment, disability, retirement, or other available benefits. The Arbitrator must take a party's failure to mitigate into account in granting relief.

2.6.4 POLICY – Sexual Misconduct Prohibition

Sexual misconduct will not be tolerated by Oakland Community College. The term “sexual misconduct” as used in this policy applies to any of the following acts: sexual assault as defined by Michigan law (including rape and acquaintance rape), stalking, dating violence, and domestic violence. The term also applies to retaliation taken in response to allegations made by a complainant or a reporter under this policy. Sexual misconduct violates OCC policy and federal and state law; it may also be subject to criminal prosecution. OCC is committed to fostering a community that promotes prompt reporting of all types of sexual misconduct and timely and fair resolution of sexual misconduct complaints. Creating a safe environment is the responsibility of all members of the College community; accordingly, the Title IX coordinator shall publish guidance to the College community consistent with this policy and as required by law.

DIVISION II

2.6.4 PROCEDURE – Sexual Misconduct

In the event of a report of sexual misconduct made by a person regarding an OCC student or employee, the College will investigate whether a student, employee or third party is responsible for sexual misconduct and what, if any, safety measures and/or disciplinary actions are appropriate in accordance with the procedures described below. This procedure covers sexual misconduct and retaliation in connection with reports of possible sexual misconduct.

A. Application

This procedure applies to sexual misconduct or retaliation committed by a College student, employee, or a third party if that sexual misconduct or retaliation occurs:

1. On campus, or
2. Off campus, if: a) in connection with a College or College-recognized program or activity; b) in a manner that poses an obvious and serious threat of harm to any member of the College Community; or c) that may have the effect of creating a hostile educational environment for any member of the College community.

B. Timelines

The College will strive to complete its investigation and the sanction/remedy process, if applicable, and simultaneously share the results of those with complainant and respondent within sixty (60) calendar days after the Title IX coordinator receives a report of sexual misconduct. There are, however, factors beyond the control of the College that may affect the time needed to conduct a fair, reliable, impartial and prompt investigation of a report of sexual misconduct or retaliation including, but not limited to: (a) availability and cooperation of the complainant (if participating), respondent (if participating) and/or witnesses; (b) illness or injury of College employees conducting or participating in the investigation of the report or proceedings resulting from the report; and (c) weather or other acts of God that result in the College being closed.

The Title IX coordinator may extend the time for completing the investigation or the sanctions/remedy process for good cause.

C. The Investigation

The Title IX coordinator will receive all reports of sexual misconduct. The Title IX coordinator is not required to assign an investigator or otherwise investigate any report alleging facts that, if true, would not constitute a violation of the sexual misconduct policy. In all cases, the decision on whether, how, and the extent to which the College will conduct an investigation, and whether other measures will be taken in connection with any allegation of sexual misconduct or retaliation, rests with the Title IX coordinator. If the Title IX coordinator decides upon review to investigate a report of sexual misconduct or retaliation, a report will be forwarded to an appropriate person of his or her choosing to conduct an investigation. Upon assignment of a complaint to an

DIVISION II

investigator, the Title IX coordinator and the investigator shall confer with respect to the investigation.

The investigator will conduct an adequate, reliable, impartial and prompt investigation. In most cases, the investigator will meet separately with the complainant, respondent, and reporter (if applicable), and interview any witnesses identified by them. An audio and/or video recording may be made of an interview if appropriate under the circumstances. The investigator will also review other relevant information gathered during the investigation, including any police investigatory documents and student or personnel records that may be available. A different or less formal response to the report may be warranted depending upon the nature of the report and the circumstances involved.

At any time during the course of an investigation, the complainant, respondent, or a witness may provide a written or verbal statement or other supporting materials, or identify other potential witnesses. Either the complainant or the respondent may have an advisor accompany him or her at any meeting he or she attends relating to the investigation of the reported misconduct.

D. Standard of Proof

The investigator's findings will be made using the preponderance of the evidence standard. This standard requires that the information supporting a finding of responsibility be more convincing than the information in opposition to it. Under this standard, individuals are presumed not to have engaged in sexual misconduct or retaliation unless a preponderance of the evidence supports a finding that sexual misconduct or retaliation occurred.

E. Investigation Findings and Outcome Notification

The investigator will report his/her findings in writing to the Title IX coordinator or his or her designee at the conclusion of an investigation. The investigator's written findings will generally include:

1. A summary of the investigation;
2. The investigator's findings; and
3. A summary of the investigator's rationale in support of the findings.

If the findings conclude that the respondent engaged in sexual misconduct as defined in the policy, the report will be submitted to the appropriate administrator who shall decide what, if any, formal action is to be taken by the College in response to the misconduct. In cases involving a student as either complainant or respondent, the appropriate administrator is the Vice Chancellor for Student Services. In all other cases, the appropriate administrator is the cabinet officer of the unit in which the respondent is employed or otherwise associated. The complainant and respondent shall be notified of the appropriate administrator's decision in writing.

Formal disciplinary action against a respondent shall be taken in accordance with the applicable collective bargaining agreement or College policy. The administrator

DIVISION II

responsible for taking formal disciplinary action pursuant to the applicable collective bargaining agreement or College policy shall report the formal disciplinary action to the Title IX coordinator.

Upon receipt, the Title IX coordinator shall, in writing, simultaneously notify complainant and respondent of the investigator's findings, the sanctions imposed on respondent that directly relate to the complainant, the notice of appeal rights, and steps the College will take to remedy the effects and prevent recurrence of the misconduct, if any. The complainant will also be notified of any individual remedies offered or provided to the complainant, but the respondent will not be notified of such individual remedies offered or provided to complainant.

F. Sanctions

If the findings conclude that the respondent engaged in sexual misconduct or retaliation as defined in this policy, the College may initiate a process designed to eliminate the misconduct, prevent its recurrence, and remedy its effects, while supporting the College's educational mission and Title IX obligations. Sanctions or interventions may also serve to promote safety or deter students from similar future behavior. Some behavior is so harmful to the complainant and/or the College community, or so deleterious to the educational process, that it may require more serious sanctions or interventions including, but not limited to, removal from specific courses or activities, suspension or expulsion from the College, or a prohibition from being present on College property.

G. Appeal

The complainant or respondent may appeal the appropriate administrator's decision. Written notice of appeal shall be filed with the Title IX coordinator within ten (10) calendar days of receipt of the appropriate administrator's decision. The notice of appeal shall specify why the appropriate administrator's decision should not stand.

The complainant or the respondent may seek review only on one or more of the following specified grounds:

1. A material deviation from the procedures affected the outcome of the case;
2. There is new and relevant information that was unavailable at the time of the investigation that could affect the investigation findings;
3. The disciplinary action, sanctions, interventions and/or other remedies are inappropriate or disproportionate to the determined violation(s); or
4. A review of all available and relevant information indicates that a preponderance of the evidence does not support the findings and provides firm and definite support for modifying the original findings.

Upon receipt of a timely filed and properly specified notice of appeal, the Title IX coordinator shall confirm receipt and refer the notice of appeal to the appeal panel. The

DIVISION II

Title IX coordinator shall also notify the appellant regarding whether the appeal was timely and properly specified.

The appeal panel shall be composed of three persons designated by the Chancellor. The appeal panel's decision should be made within twenty (20) calendar days of the date the notice of appeal is filed with the Title IX coordinator. These timelines are intended as guidelines and may be extended by the appeal panel for reasonable cause. The appeal panel will review the matter based on the issues identified in the request for appeal. The appeal panel may affirm, modify or reverse the decision of the appropriate administrator, or remand the appeal to the Title IX coordinator for additional investigation. The appeal panel will issue its decision and make it available to the complainant (if participating), respondent (if participating) and Title IX coordinator in writing, simultaneously.

H. Student Rights and Expectations

Certain student protections and expectations pertain to the process for resolving student sexual misconduct and retaliation allegations. Complainants and respondents participating in this process may expect the following:

1. Respect for Privacy

Information regarding sexual misconduct and retaliation reports, and any investigation or review of those reports, including any sanction determinations,

may be shared with College employees with a legitimate educational interest or with external individuals or entities on a need-to-know basis and only as permitted under College policy and applicable law.

2. Participation in Process

If a person declines to participate, the College may continue to investigate and/or proceed in the matter and issue findings/decisions based on available information. The complainant and the respondent shall be afforded equal opportunity to have others present.

3. Coordination with Legal Proceedings

Students may simultaneously engage criminal prosecution procedures and/or civil litigation in connection with the same behavior that forms the basis of a sexual misconduct report under this procedure. In such cases, the College is committed to appropriate coordination with the Public Safety Department and local law enforcement and may, if requested and appropriate, share information with those agencies. The College will fulfill its obligation to take immediate and appropriate action to investigate possible sexual misconduct even if there are other external processes or procedures pending in connection with that same sexual misconduct report. Similarly, if the College finds sexual misconduct has occurred, the College will take effective steps to end it, prevent its recurrence, and address its effect, as well as sanction the respondent regardless of what external proceedings may also be pending.

DIVISION II

Standards for criminal investigations are different than the standards for a violation of this procedure and, therefore, the College will not base its decisions under this procedure solely on law enforcement reports and/or actions. Accordingly, the College will not normally wait for the conclusion of a criminal investigation or other proceedings before implementing its review of reported sexual misconduct under this procedure.
