The College Committee for Diversity and Inclusion

Guest Speaker • Sommer Woods

Sommer Woods is the vice president of external relations, marketing and communications for M-1 Rail. She serves as Detroit City Council's appointee to the Belle Isle Advisory Committee. Sommer is a board member of Tour de Troit and a member of Alpha Kappa Alpha Sorority. She has been instrumental in ensuring that minority and women-owned businesses have an opportunity to participate in and benefit from the business opportunities associated with the development of Detroit.

Sommer was a member of former Detroit mayor Dave Bing's administration, serving as the film, culture and special events director for the city of Detroit. She was responsible for promoting Detroit as a premier location for conferences, film productions, sporting events, ethnic and cultural festivals, and other large-scale activities.

She has accomplished many career goals, but being a mentor is her greatest achievement. She is an active and proud mentor with the Midnight Golf Program, a youth development program. Sommer and her mother created a scholarship fund honoring her college golf coach. Each year they award a deserving Midnight Golf student who will attend a historically black college or university. She holds a bachelor's degree in business from Talladega College.
