

HELP! My Loved One Has Dementia.

Tuesday, April 16, 2019 ♦ 6 p.m. - 8 p.m.

This course will review the essentials regarding the disease of dementia, related symptoms and behaviors, but will focus on our own interactions with our loved ones.

Caring for a loved one with dementia can make us feel overwhelmed and “stuck” in unfulfilling relationship patterns. Drawing from professional research and recommended practices in the dementia care field, we will discuss approaches to coping and managing behaviors. We will also look at how our own expectations and actions play a role in these relationships.

Attendees will leave with enhanced understanding, increased knowledge of local resources – and inspiration!

Registration Code: HFHD-1021-T0201

Fee: \$30
