The dollar amount G.I. Bill Educational benefits may be affected by dropping or adding classes, enrolling in an unauthorized repeat of a class, enrolling in courses not authorized under the general education requirements or degree program designated on your current Veterans Plan of Study.

Receiving non-punitive grades may result in an overpayment by VA. Non-punitive grades are grades that do not count toward graduation and include: "W", "WP", "WF", "WS", "N", "CP" "I" and failing grades from non-attendance. Students, who receive an "I" in a course, must notify the OCC VA department once the course is completed and a letter grade is issued.

Enrollment status is determined by the number of credits certified. Credits taken but not certified will not be considered by the VA when calculating benefit rates.

I verify that the preceding courses, which I have listed and have registered for, are required in the above stated program of study; **they have not been successfully completed previously nor have I received transfer credit for them.** I will notify the Veterans Affairs Office at Oakland Community College of any change in my enrollment (including credit hours).
